- CERVICAL COLLARS
- CLAVICLE SUPPORTS
- SPINE BRACES

CERVICAL COLLAR Support is ideal for fixing the cervical spine while injured, and for post-operative rehabilitation and management of cervical strain.

CLAVICLE SUPPORT design immobilizes your clavicle, correct postural problems from kyphosis.

SPINAL BRACE has a back frame or brace to provide proper support to the spine, maintain range of motion, reduce pain or promote vertebral healing after surgery and prevent postural-related complications.

Soft Foam Cervical Collar

MSU01001 Size: XS. S. M. L. XL

- Soft foam with curve design for ergonomics
- Cotton stockinette for more comfort
- Velcro closure for easy adjustment

Cervical Collar with Plastic Insert

MSU01044 Size: Universal

- Soft foam with Breathable material
- Insert plastic panel for extra support
- Velcro fastener for easy adjustment & comfort

Cervical Collar with Trachea Opening

MDE01001 Size: S. M. L. XL

- Pre-formed collar with tracheotomy opening
- Two-piece polyethylene design with ventilation holes

Cervical Collar with Trachea Opening

MDE01007 Size: 2 1/4" S. M. L. XL

MDE01008 Size: 3 1/4" S. M. L. XL

MDE01009 Size: 4 1/4" S. M. L. XL

MDE01010 Size: 5 1/4" S. M. L. XL

- Pre-formed collar with tracheotomy opening
- Two-piece polyethylene design with ventilation holes
- Available in four heights

Plastic Adjustable Collar

MPE01001 Size: S. M. L. XL

- Two-piece polyethylene collar
- Padded edges & ventilation holes for maximum comfort
- Adjustable Velcro closure

Deluxe Immobilizer Support Collar

MPE01045 Size: Universal

MPE01046 Size: Universal

MPE01047 Size: Universal

- Pre-formed collar with tracheostomy opening
- Push button for easy adjustment of height
- 5-gear height adjustment mechanism for maximum support of upper neck
- 3 types of back panels for optional components
- Removable & replaceable foam liner

Patent No. : TW M530139
 US 10463524
 CN ZL201680086665.6

Patented design with 5-gear height adjustments.

MPE01045 - Standard Fixed

MPE01046 - Extension Fixed

MPE01047 - Up-Down Adjustable

Immobilizer Support Collar

MPE01010 Size: Universal

- Pre-formed collar with tracheotomy opening for extrication & rehabilitation
- 12 geared height adjustment mechanism for maximum support of upper cervix
- Two-piece polyethylene soft foam lining for easy application & comfort
- (Exclusive selling in USA)

Inflatable Immobilizer Support Collar

MAE01002 Size: Universal

MAE01003 Size: Universal

MAE01004 Size: Universal

- Pre-formed collar with tracheotomy opening for extrication & rehabilitation
- 12 geared height adjustment mechanism for maximum support of upper cervix
- Two-piece polyethylene soft foam lining for easy application & comfort
- Ergonomic air pouch around chest increases comfort and reduces pressure
- Small and silicone inflation pump allows to adjust the level of air pouch easily

Patent No. : TW I888271

MAE01002 - Standard Fixed

MAE01003 - Extension Fixed

MAE01004 - Up-Down Adjustable

Immobilizer Support Collar

with Knob

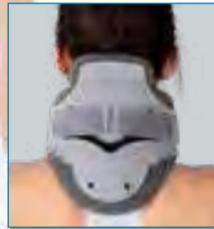

MPE01052 Size: Universal

MPE01053 Size: Universal

MPE01054 Size: Universal

- Rotate the knob for easy adjustment of height
- Rotating design allows slight height adjustment
- Safety-locked design to secure the highness
- Bendable ends to fit the curve of the back neck, increasing wearing comfort
- Pre-formed collar with tracheostomy opening
- More supportive & easier to use
- Removable & replaceable foam liner
- 3 types of back panels for optional components

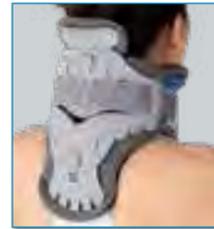

Patent No.: US 12023270 / TW I792854

MPE01052
Standard Fixed

MPE01053
Extension Fixed

MPE01054
Up-Down Adjustable

Immobilizer Traction Collar

MPE01070 Size: Universal

- Adjust the tightness by rotating the knob in the middle of back panel
- Detachable pull ring for easy put-on & take-off
- Adjust the height by rotating the knob in the two side of collar
- Breathable and soft paddings for comfort

Immobilizer Support Collar

with Knob (Short Version)

MPE01073 Size: Universal

MPE01074 Size: Universal

MPE01075 Size: Universal

- Rotate the knob for easy adjustment of height
- Rotating design allows slight height adjustment
- Safety-locked design to secure the highness
- Bendable ends to fit the curve of the back neck, increasing wearing comfort
- Pre-formed collar with tracheostomy opening
- More supportive & easier to use
- Removable & replaceable foam liner
- 3 types of back panels for optional components

Patent No.: US 12023270 / TW I792854

MPE01073
Standard Fixed

MPE01074
Extension Fixed

MPE01075
Up-Down Adjustable

Adjustable Duo CTO Brace

MPE01015 Size: Universal

- Two-piece neck design for easy application & ventilation
- Front side of the bracket limits movement of cervical spine & trunk
- Can be easily adjusted to the correct position

Clavicle Brace

MEE02001 Size: S. M. L. XL

- Double 8-figure contour design
- Adjustable elastic straps

TLSO Spinal Brace with Thermoplastic Insert

MNH07001 Size: S. M. L

- Thermoplastic back & abdomen inserts for personal fit
- Adjustable straps with Velcro closure for easy application

Rib / Back Brace

MLE07011 Size: S. M. L. XL

- Aluminum frame with soft pectoral pads
- Plastic back & abdomen inserts
- 4 flexible bilateral stays around waist

Spinal Brace

MNP07014 Size: S. M. L. XL

- PP shell with mesh lining
- Sacral contour design
- Nylon straps with buckles for easy fit

TLSO Adjustable Spinal Brace

MNP07015 Size: S. M. L. XL

- Front & back panels design well cover & support back & waist
- Side openings & curve design are more ergonomic
- Post-operative support for better fixation
- Back support panel is 3-level adjustable
- Release buckle for easy put-on & take-off
- PP shell with mesh lining

Rib Brace

MLG04001 Size: Universal

MLG04002 Size: Universal

- Aluminum frame with soft pectoral pads
- Universal Velcro straps
- Adjustable bilateral length & width
- Carbon fiber decal (MLG04002)

Cruciform Hyperextension Brace with Knob

MLG04004 Size: Universal

- 5-level up & down adjustment up & down (Adjusted by rotating the locker)
- The curved brace can be more suitable for body
- Detachable pull ring for easy put-on & take-off
- The multi-direction round-pads for breastbone
- Adjust the tightness by rotating the knob in the middle

Cruciform Hyperextension Brace

MLG04003 Size: Universal

- 5-level up & down adjustment up & down
- The curved brace can be more suitable for body
- The multi-direction round-pads for the breastbone

Deluxe Back Support Belt

MLE07001 Size: S. M. L. XL. XXL

- Breathable elastic strap material with Velcro closure
- 8-figure contour design maintains upper back in correct posture
- Aluminum & flexible stays for ultimate spine support

Deluxe Back Support

MLE07051 Size: S. M. L. XL. XXL

- Breathable elastic material for proper compression
- 8-figure contour design maintains upper back in correct posture
- Aluminum & flexible stays for ultimate spine support

Adjustable Back Support

MLE07053 Size: S/M. L/ XL

- Aluminum back panel enhances spine support & maintains posture
- Adjustable back panel height 16" ~ 20"
- with Pulley system lumbar support for increasing coverage & easy adjustment of pressure
- Breathable liner

Spinal Brace

MLV04001 Size: S. M. L. XL

- Lightweight #6 Aluminum shell
- Nylon straps with foam lining
- Buckles for easy fit

Hyperextension Brace

MLV04005 Size: S. M. L

- Lightweight plastic shell with ergonomic design
- Adjustable sternum support pad with multi-direction
- Buckles for easy fit, easy to put on and take off

- SHOULDER SUPPORTS
- ARM SUPPORTS
- ELBOW SUPPORTS

SHOULDER SUPPORTS ideal to relieve pain from humerus injuries, tendinitis and osteoarthritis.

ARM SUPPORTS ideal for stabilization and supporting the injured arm, post fracture care, tendonitis, bursitis, pre or post-operative care.

ELBOW SUPPORTS relief the pain of the tears tendon, press structure provides additional compression to the tendon.

Shoulder Support

MDE02005 Size: S/M. L/XL

- Adjustable suspension strap
- Ideal to relieve pain from humerus injuries, tendinitis & osteoarthritis
- Suitable for both left & right shoulders

Shoulder Support with Arm Sling

MDE02006 Size: S/M. L/XL

- With adjustable arm sling
- Side 3 PE stays to help arm elevating
- Comfort & breathable material
- Available for left or right shoulder

Plastic Shoulder Support
MDF02001 **Size: Universal**

- Flexible plastic shell for comprehensive protection
- Suitable for both left & right shoulders

Plastic Shoulder Support
MDF02005 **Size: Universal**

- 3 plastic shells for comprehensive protection & lightweight
- 360° compression for enhanced coverage & stability
- Breathable liner
- Suitable for both left & right shoulders

Shoulder Abduction Support with Pillow
MDF06016 **Size: Universal**

- Position the humerus in a neutral position of rotation
- Pillow with ergonomic design for excellent support
- An exercise ball for stimulating blood circulation
- Quick release buckle on straps for easily application and removal
- Suitable for both left & right arms

Deluxe Arm Sling
MFE06015 **Size: Universal**

- Breathable & soft material
- Designed to fit left & right arms
- Excellent immobilization

ROM Elbow Brace
MPE05002 **Size: S/M. L/XL**

- Soft foam material
- Strong durable aluminum hinge + ROM with flexion & extension
- Stop setting
- Suitable for both left & right arms

Adjustable ROM Elbow Brace
MPE05008 **Size: Universal**

- Soft foam material
- Strong durable aluminum hinge + ROM with flexion & extension
- Stop setting
- Easy adjust the length of brace
- Adjustable in every 15 degrees
- Available for left or right arm

Mesh Arm Sling
MFE06001 **Size: S. M. L. XL**

- Vented nylon mesh
- Adjustable padded strap
- Thumb loop keeps hand in correct position

Deluxe Mesh Arm Sling
MFE06024 **Size: S. M. L. XL**

- Ideal for protection & support of upper extremity
- Mesh pouch for ventilation
- Adjustable strap with foam pad for more fit & comfort
- Large circle strap for stabilizing arm
- Anti-separation design

Economy Arm Sling
MFT06001 **Size: XS. S. M. L. XL**

- Breathable deep polyester pocket
- Slide bar buckle secures arm in correct position

Tennis Elbow Brace
MRR05006 **Size: Universal**

- Terry fabric with neoprene
- Velcro closure strap for easy application
- Suitable for both left & right elbows

Elbow Brace
MRR05007 **Size: Universal**

- Terry fabric with neoprene
- Velcro closure for easy application
- Suitable for both left & right elbows

Tennis Elbow Brace
MRR05014 **Size: Universal**

- Breathable neoprene with OK fabric
- Velcro closure for easy adjustment
- Suitable for both left & right elbows

Compression Elbow Support
MNP05001 **Size: Universal**

- Prevent injury of elbow
- Relief the pain of the tears tendon
- Press structure provides additional compression to tendon
- Two piece design for adjustable size

Compression Elbow Support with Knob
MNP05002 **Size: Universal**

- Prevent injury of elbow
- Relief the pain of the tears tendon
- Press structure provides additional compression to tendon
- Knob system for effortless & quick pressure adjustment
- Two piece design for adjustable size

• WRIST SUPPORTS

WRIST SUPPORTS ideal for recovery from wrist sprain, De Quervain syndrome and after surgery.

Immobilized Wrist Splint

MNP09002 Size: Universal

- Ideal for recovery from wrist sprain & after surgery
- PP splint with soft inner for comfort use & stability
- Available for left or right hand
- Length: 7"

Immobilized Wrist Splint

MNP09004 Size: Universal

- Ideal for recovery from wrist sprain & after surgery
- PP splint with soft inner for comfort use & stability
- Available for left or right hand
- Length: 11"

Wrist / Palm Support with Removable Palm Splint

MLE09043 Size: S. M. L. XL

- Design with removable palm splint for individual adjustment
- Cuttable aluminum stay provides excellent support to hand
- Soft & breathable material for comfort
- Suitable for both left & right hands

Hand Positioning Brace

MDE09001 Size: S. M. L

- Malleable EVA splint to fit hand
- Woolen cloth for warmth & comfort
- Removable & washable cover
- Available for left or right hand

Thumb / Wrist / Palm Support
MLE09003 **Size: S. M. L. XL**

- Dual aluminum stays for palm & thumb
- Adjustable straps with Velcro strap
- Available for left or right hand

Wrist / Palm Support
MLE09023 **Size: S. M. L. XL**

- Aluminum stay for palm
- Adjustable straps with Velcro closure
- Suitable for both left & right hands

Mesh Wrist / Palm Support
MLE09024 **Size: S. M. L. XL**

- Breathable material, lined with soft sponge
- Aluminum stay for palm
- Suitable for both left & right hands

Neoprene Wrist Splint
MLR09006 **Size: S. M. L. XL**

- Aluminum stay for palm
- Suitable for both left & right hands

Wrist / Palm Support with Thumb Splint
MLE09049 **Size: Universal**

- Designed with removable thumb splint
- Aluminum stays for palm & thumb
- Suitable for both left & right hands

Wrist / Palm Support with Thumb Splint
MLE09065 **Size: Universal**

- Breathable fabric for more comfort
- Velcro closure for easy adjustment
- Shapeable aluminum alloy stays stabilize palm & thumb
- Suitable for both left & right hands
- Plug-in thumb splint for extra support

Wrist / Palm Support
MLE09066 **Size: Universal**

- Breathable fabric for more comfort
- Velcro closure for easy adjustment
- Shapeable aluminum alloy stays stabilize palm & thumb
- Suitable for both left & right hands

Reel System Wrist / Palm Support

MFF09003 Size: S. M. L. XL

- Reel system for effortless & quick adjustment
- Reel system provides slightly compressive function
- Aluminum stay for palm
- Suitable for both left & right hands

Patent No.: US 10633218 / JP 3239510

Reel System Immobilized Wrist / Palm Splint with Thumb Splint

MFF09006 Size: Universal

- Integrated thenar fixation design to limit thumb movement
- Slightly bendable aluminum stay enhances palm stability
- Reel system allows for easy application of compression
- Reel system for easier & faster adjustment
- Irregular mesh design for lightweight, breathable & visually appealing
- Breathable liner
- Available for left or right hand

Patent No.: US 10633218 / JP 3239510

Reel System Wrist / Palm Support

MFF09004 Size: S. M. L. XL

- Reel system for effortless & quick adjustment
- Reel system provides slightly compressive function
- Suitable for both left & right hands

Patent No.: US 10633218 / JP 3239510

Pre-Formed Wrist / Palm Support with Reel System

MFF09008 Size: S. M. L. XL

- Semi-rigid material with extra foam
- Pre-formed curve for ergonomics
- Reel system for effortless & quick adjustment
- Reel system provides slightly compressive function
- Available for left or right hand

Reel System Immobilized Wrist / Palm Splint

MFF09005 Size: Universal

- Irregular mesh design for lightweight, breathable & visually appealing
- Reel system for easier & faster adjustment
- Reel system allows for easy application of compression
- Slightly bendable aluminum stay enhances palm stability
- Breathable liner
- Available for left or right hand

Patent No.: US 10633218
JP 3239510

Pre-Formed Wrist / Palm Support with Reel System

MFF09009 Size: S. M. L. XL

- Semi-rigid material with ventilation holes
- Pre-formed curve for ergonomics
- Reel system for effortless & quick adjustment
- Reel system provides slightly compressive function
- Available for left or right hand

Wrist / Palm Support

MFF09007 Size: S/M. L/XL

- Reel system for effortless & quick adjustment
- Reel system provides slightly compressive function
- Aluminum stay for palm
- Suitable for both left & right hands

Lacing Wrist / Palm Support

MLE09069 Size: S. M. L. XL

- Lacing system for effortless & quick adjustment
- Comfortable Wear
- Breathable lining
- Aluminum stay for palm
- Suitable for both left & right hands

Inflatable Wrist / Palm Support

MAE09002 Size: S. M. L. XL

- Aluminum stay on the palmar side for reinforcement and stability
- Air pouch on the sides of carpal increases immobilization and comfort while reducing swelling better than plastic stays
- Small and soft inflation pump allows to adjust the level of air pouch easily
- Breathable material for comfort
- Suitable for both left & right hands

Patent No. : TW 1888271

Wrist / Thumb Support

MLE20004 Size: Universal

- Elastic material with Velcro closure
- Metal brace insert secures thumb in correct position
- Suitable for both left & right hands

Wrist Brace

MRR08004 Size: Universal

- Terry fabric with neoprene
- Velcro closure for easy application
- Suitable for both left & right hands

Wrist / Thumb Brace

MRR20002 Size: S. M. L. XL. XXL

- Terry fabric with neoprene
- Velcro strap for easy application
- Aluminum brace insert keeps wrist in correct position
- Suitable for both left & right hands

Deluxe Wrist / Thumb Brace

MRR20010 Size: Universal

- Breathable neoprene with OK fabric
- Aluminum brace insert keeps wrist in correct position
- Suitable for both left & right hands

Plastic Thumb / Wrist splint

MNP09005 Size: S/M. L/XL

- Ideal for De Quervain syndrome
- PP splint provides good immobilization for wrist & thumb
- Soft lining for comfort use
- Available for left or right hand

Patent No. : US D801541

Inflatable Thumb / Wrist Support

MAE09003 Size: Universal

- Breathable material for comfort
- Aluminum brace insert keeps wrist in correct position
- Ergonomic air pouch cover thumb increases immobilization and comfort while reducing swelling
- Small and soft inflation pump allows to adjust the level of air pouch easily
- Suitable for both left & right hands

Patent No. : TW 1888271

Deluxe Thumb / Wrist Support

MNP09010 Size: S/M. L/XL

- Irregular design, lightweight, breathable & beautiful
- Ergonomic design conforms to hand curves
- Slightly bendable aluminum stay along the thumb enhances support
- Suitable for both left & right hands
- Breathable foam liner with quick-release buckle design for easy assembly

Patent No. : TW M658290 / TW I858930

Lacing Thumb / Wrist Support

MLE09070 Size: S/M. L/XL

- Lacing system for effortless & quick adjustment
- Comfortable Wear: Breathable lining
- Plastic stay for thumb
- Suitable for both left & right hands

Thumb Support

MNP09014 Size: S/M. L/XL

- Attractive mesh design for lightweight & breathable
- Ergonomic design with natural curve around the thumb
- Side elastic structure for adjustable covering
- Breathable liner
- Available for left or right hand

Finger Splint

MLE20007 Size: Universal

- One for all fingers
- Shapeable aluminum alloy stays
- Breathable fabric for more comfort
- Velcro closure for easy adjustment
- Suitable for both left & right hands

• LUMBAR SUPPORTS

LUMBAR SUPPORT has a certain support force, which can provide intra-abdominal pressure, support the waist muscles and adjacent tissues. Also reduce the pressure on the spine and joints in the original sore position

Pelvis Support

MFE10002 Size: S/M. L/XL

- 2 plastic panels provide complete support
- Pulley closure for easy application & adjustment
- Breathable mesh material

9" Pulley System Lumbar Support

MFE07021 Size: Universal

- 2 PP panels provides back support
- Pulley system offers complete support as well as easy application

Patent No. : US 9854874

9" Pulley System Lumbar Support

MFE07027 Size: S. M. L. XL. XXL

- 2 plastic panels provide complete support for back
- Abdominal panel for additional support
- Single pulley closure for easy application & adjustment
- Breathable mesh material

Patent No. : US 10292855 / TW M527757

Abdominal PP panel
Mesh fabric for breathable

9" Pulley System Lumbar Support

MFE07051 Size: S. M. L. XL. XXL

- 2 PP panels provides back support
- Pulley system offers complete support as well as easy application
- Carbon fiber decal (MFE07052)

9" Pulley System Lumbar Support

MFE07039 Size: S/M. L/XL

- 2 plastic panels provide complete support for back
- Abdominal panel for additional support
- Pulley system for easy application & adjustment
- Breathable mesh material

Adjust the length of lace

11.5" Pulley System Lumbar Support

MFE07041 Size: S/M. L/XL

- 2 plastic panels provide complete support for back
- Abdominal panel for additional support
- Pulley system for easy application & adjustment
- Breathable mesh material

Adjust the length of lace

Pulley System Lumbar Support

with Flexible Back Panel

MFE07050 Size: S/M. L/XL

- Flexible back panel fits different body shape & position
- Rhombus-lattice structure provides strong stability and breathability
- Pulley system for quick second-compression adjustment
- Pull tab with spool for easily adjusting length of rope
- Breathable and quality materials applied

9" Reel System Lumbar Support

MFF07001 Size: S/M. L/XL

- Reel system for effortless & quick adjustment
- Reel system provides slightly compressive function
- Breathable materials are applied

9" Reel System Lumbar Support

MFF07002 Size: S/M. L/XL

- Reel system for effortless & quick adjustment
- Reel system provides slightly compressive function
- Breathable materials are applied
- Two reel system, one clockwise and the other is counterclockwise

9" Pulley System Lumbar Support

MNP07021 Size: S/M. L/XL

- Back panel for increasing stability for lumbar spine and sacrum
- Improve the muscular support
- Crossed pulley system offers complete support and easy application
- Ventilation design

Lumbar Support

Inflatable 9" Pulley System

MAE07008 Size: S/M. L/ XL

- 2 plastic panels provide complete support for back
- Abdominal panel for additional support
- Pulley system for easy application & adjustment
- Breathable mesh material
- Additional back panel with air pouch increases immobilization and comfort for low back
- Small and soft inflation pump allows to adjust the level of air pouch easily

Lumbar Support

MEE07138 Size: S. M. L. XL

- Heat pressing process
- Breathable elastic strap material
- 4 plastic stays for extra support
- Velcro closure for easy application

Lumbar Support

MEE07139 Size: S. M. L

- Breathable material
- 4 plastic stays for extra support
- Velcro closure for easy application

9" Lumbar Support

MLE07006 Size: S. M. L. XL. XXL

- Breathable elastic strap material with Velcro closure
- 2 stainless steel dorsal & 4 elastic-plastic (PP) lateral stays
- Overlapping belt for additional abdominal support

9" Elastic Abdominal Binder

MEE07004 Size: S. M. L. XL. XXL

- Combination of multi-panel cotton/rayon knitting with strong laminated nylon thread & brush
- Velcro closure for easy application

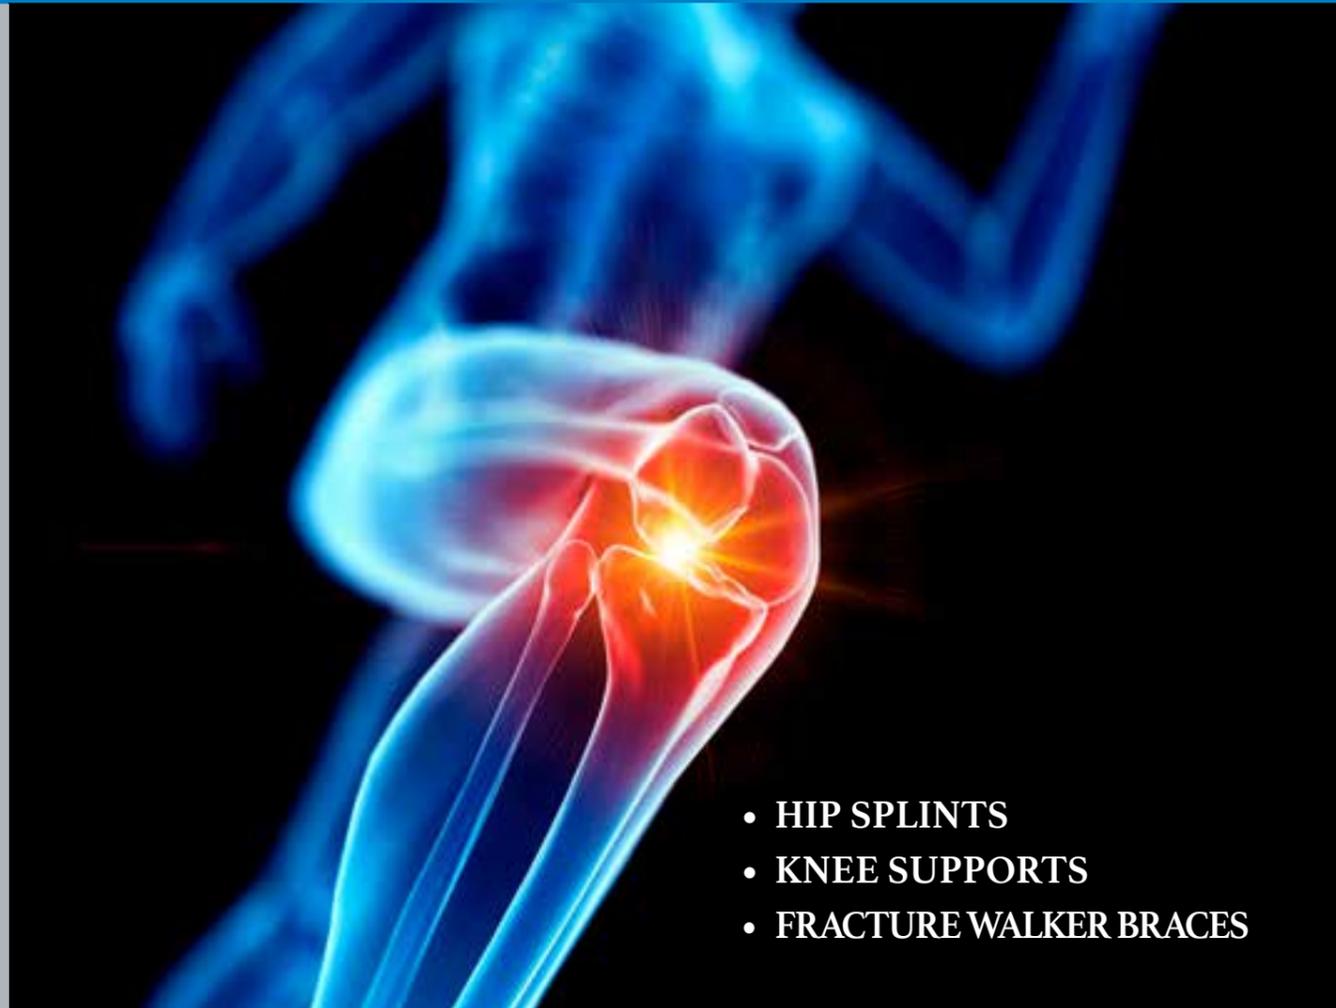

11" Lumbar Support

MEE07093 Size: S. M. L. XL. XXL

- 5 dorsal & both side 4 lateral elastic-plastic (PP) stays
- 4-breathable elastic straps
- 2-stage compression design
- Velcro strap for easy application

- HIP SPLINTS
- KNEE SUPPORTS
- FRACTURE WALKER BRACES

HIP SPLINT can achieve real joint range of motion, muscle strength, balance and coordination training, and improve sensory and motor coordination.

KNEE SUPPORT improves the stability and protection of the repaired ligament. Appropriate compression that can protect muscles and prevent strains while doing physical activity

FRACTURE WALKER BRACE with arc-sole can reduce the pressure while walking. Hook-loop fastener is easy to adjust the proper tightness and fix the brace firmly on the leg and foot.

Hip Brace
MPE11001 **Size: S/M. L/XL**

- PE shell
- Adjustable flexion & extension stop setting
- Adjustable panel for individual fit

Hinged Knee Support
MPE12054 **Size: Universal**

- Soft & antislip pads
- Durable aluminum hinge + ROM flexion & extension stop setting
- Quickly Stop setting
- Easy adjust the length of brace
- Adjustable in every 10 degrees
- Buckles for easy application & adjustment

Hinged Knee Support

MPE12003 Size: 16". 18". 20". 22". 24". 26"

- Breathable soft foam cuffs
- Durable aluminum hinge + ROM flexion & extension stop setting
- Front closure design for easy application

Hinged Knee Support

MPE12031 Size: 20". 22"

- Breathable soft foam cuffs
- Durable aluminum hinge with ROM flexion & extension stop setting
- Adjustable length of the bilateral side bars for aligning the knee joint
- Possibility to shorten the 1st sidebar (20") by splitting the groove
- Possibility to shorten the 1st & 4th sidebars (22") by splitting the groove

Ligament Brace

MLG12001 Size: S. M. L. XL

- Soft foam lining with hook & loop closure
- Polycentric hinge with extension & flexion stop setting
 - extension stops: 0°, 10°, 20°, 30° & 40°
 - flexion stops: 45°, 60°, 75° & 90°
- Designed for all sports use
- Available for left or right leg

Tri-Panel Knee Splint

MLE12001 Size: 12". 16". 18". 20". 22". 24"

- 3 independent aluminum panels (posterior rigid stay restricts flexion of knee)
- Velcro straps for stability
- Ideal to immobilize immediate post-operative knee joint or injury

Inflatable Knee Support

MAE12003 Size: S/M. L/XL

- Breathable material for comfort
- Ergonomic air pouch around knee joint increases immobilization & comfort while reducing swelling
- Small and soft inflation pump allows to adjust the level of air pouch easily
- 4 spiral stays for lateral & medial support
- Velcro design for easy application

Knee Support

MRR12021 Size: Universal

- Terry fabric with neoprene
- Velcro closure for easy application
- 4 spiral stays for lateral & medial support
- Suitable for both left & right knees

Knee Support

MRR12023 Size: Universal

- Terry fabric with neoprene
- Velcro closure for easy application
- Suitable for both left & right knees

Knee Stabilizer Support

MPR12033 Size: S. M. L. XL. XXL

- 2 durable hard plastic hinges with flexion setting
- Neoprene with nylon lining contour
- Donut-buttress pad with patellar opening
- Adjustable Velcro straps
- Suitable for both left & right knees

Knee Support

MRR12045 **Size: Universal**

- Breathable neoprene brace with OK fabric
- Velcro closure for easy adjustment
- Suitable for both left & right knees

Patella Support

MNP12001 **Size: Universal**

- Extra pad provides compression on the patellar tendon, reducing discomfort & irritation
- Velcro strap with silicone for anti-slip

Fracture Walker Brace

MLE15000 **Size: LENGTH:10"(S. M. L. XL)**
MLE15001 **Size: LENGTH:14"(S. M. L. XL)**
MLE15002 **Size: LENGTH:17"(S. M. L. XL)**

- Comfortable soft foam
- Adjustable hook & loop closure
- Designed to immobilize foot & ankle
- Cold & shock resistant nylon foot guard

Fracture Walker Brace with Air Pouch

MLE15005 **Size: LENGTH:10"(S. M. L. XL)**
MLE15003 **Size: LENGTH:14"(S. M. L. XL)**
MLE15004 **Size: LENGTH:17"(S. M. L. XL)**

- Comfortable soft foam
- Air pouch inside boot for extra comfort
- Adjustable hook & loop closure
- Designed to immobilize foot & ankle
- Cold & shock resistant nylon foot guard

Adjustable Fracture Walker Brace

MPE15002 **Size: LENGTH:10"(S. M. L. XL)**
MPE15003 **Size: LENGTH:14"(S. M. L. XL)**
MPE15004 **Size: LENGTH:17"(S. M. L. XL)**

- Comfortable soft foam
- Adjustable hook & loop closure
- Designed to immobilize foot & ankle
- Adjustable ROM stop setting
- Cold & shock resistant nylon foot guard

Adjustable Fracture Walker Brace with Air Pouch

MPE15007 **Size: LENGTH:10"(S. M. L. XL)**
MPE15005 **Size: LENGTH:14"(S. M. L. XL)**
MPE15006 **Size: LENGTH:17"(S. M. L. XL)**

- Comfortable soft foam
- Air pouch inside boot for extra comfort
- Adjustable hook & loop closure
- Designed to immobilize foot & ankle
- Adjustable ROM stop setting
- Cold & shock resistant nylon foot guard

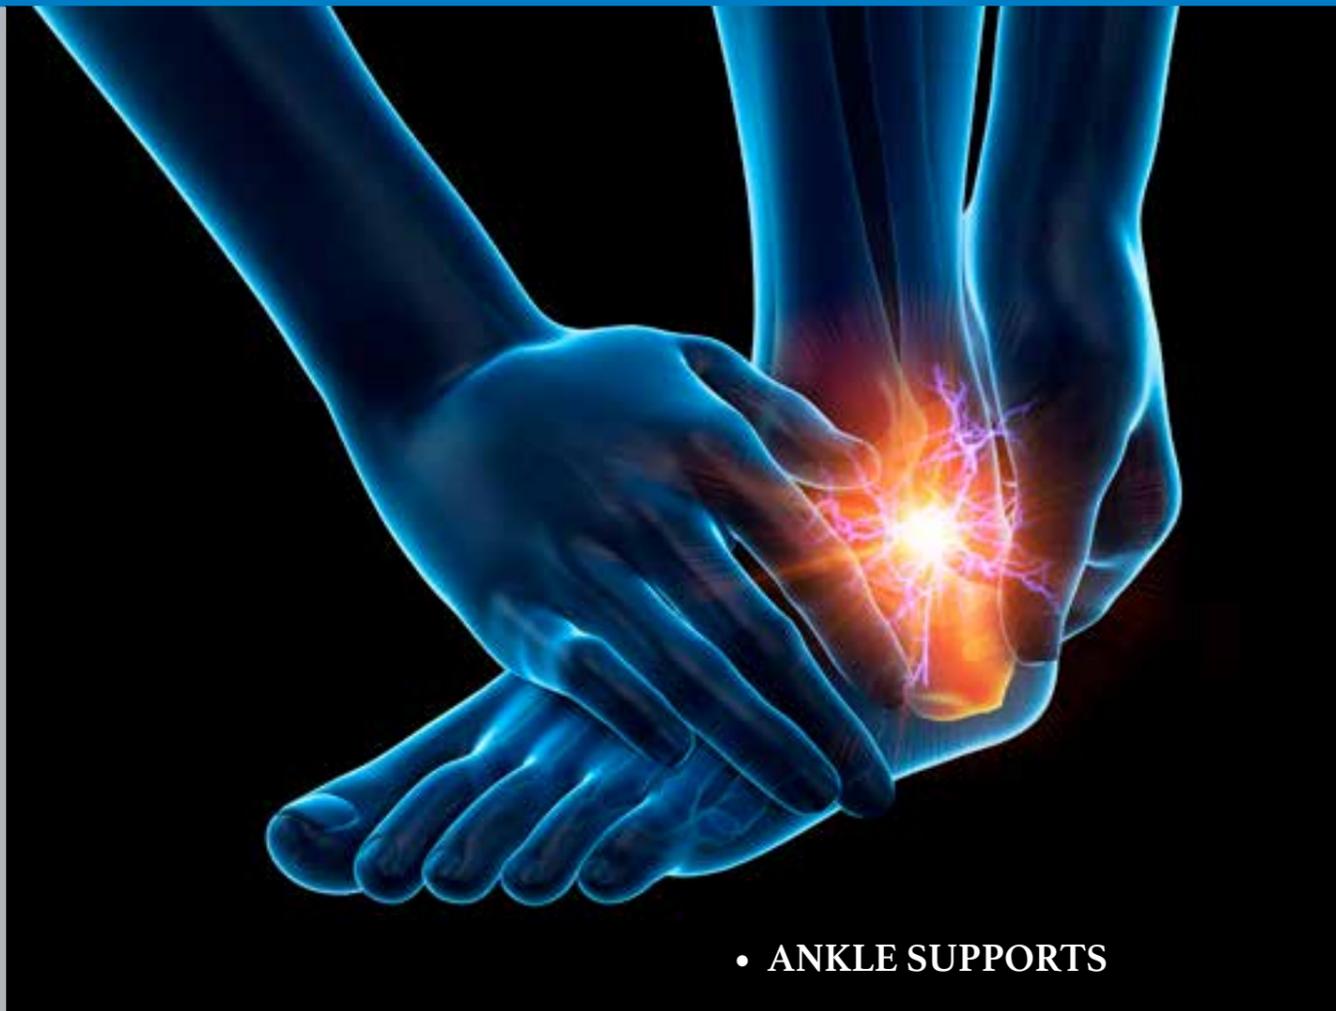

Lift Shoe for Fracture Walker Brace

Front-across oblique straps protect ankle ligaments from tearing or overstretching

Ankle Support with Sandwich Mesh

MLE14003 Size: S. M. L. XL

- Aluminum alloy stays for stabilization & support
- Velcro straps for easy adjustment
- Comfortable & breathable materials
- Integrally formed design for more comfort
- Suitable for both left & right feet

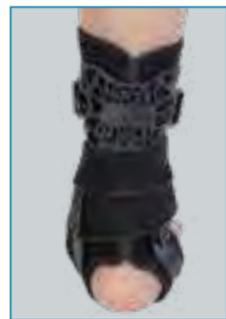

Integrally formed design

Ankle Support with Mesh Support Panels

MNP14004 Size: Universal

- 2 mesh support panels for lightweight, breathable, and attractive
- 3-stage width for adjustment of calf
- Breathable neoprene brace with OK fabric
- OK fabric: high-quality and durable
- Extra non-elastic cross-stirrup straps provide maximal stability
- Available for left or right foot

Inflatable Ankle Support

MAE14003 Size: S. M. L. XL

- Breathable material for comfort
- One PP stay for each side
- Ergonomic air pouch around ankle joint & heel increases immobilization and comfort while reducing swelling
- Small and soft inflation pump allows to adjust the level of air pouch easily
- Velcro design for easy application
- Suitable for both left & right feet

Reel System Ankle Support
MFF14001 **Size: S. M. L. XL**

- Reel system for effortless & quick adjustment
- Reel system provides slightly compressive function
- Straps & panels for good immobilization & support
- Suitable for both left & right feet

Patent No. : US 9854874

Reel System Ankle Support
MFF14002 **Size: S. M. L. XL**

- Reel system for effortless & quick adjustment
- Reel system provides slightly compressive function
- Straps & panels for good immobilization & support
- Suitable for both left & right feet

Patent No. : US 9854874

Reel System Ankle Support
MFF14003 **Size: S/M. L/XL**

- Reel system for effortless & quick adjustment
- Reel system provides slightly compressive function
- Straps & panels for good immobilization & support
- Suitable for both left & right feet

Ankle Support
MRR14012 **Size: Universal**

- Terry fabric with neoprene
- Velcro closure for easy application
- Suitable for both left & right feet

Hallux Valgus Splint
MNP15014 **Size: Universal**

- 2-hinge-designed for easy movement of hallux
- Ergonomically designed splint provides comfortable support
- Thinner-designed splint & strap can be worn with shoes
- Suitable for both left & right feet

Reel System Hallux Valgus Splint
MNP15018 **Size: Universal**

- Suitable for Hallux Valgus patients & post-operative support of bunion
- Reel system for effortless & quick adjustment of required angle
- Ergonomically designed splint provides comfortable support & easy movement of walking
- Comfortable & breathable padding provides a comfortable fit
- Suitable for both left & right feet

Hallux Valgus Support
MFF15003 **Size: S. M. L**

- Design with toe separator to fix right position of the hallus and reduce friction between toes.
- Breathable material for comfort
- Easy for application and adjustment
- Available for left or right foot

- ELASTIC SUPPORTS
- PEDIATRIC SUPPORTS
